

MIAMI DADE BAR

July 15, 2021

Judge Hanzman:

Pursuant to our discussions, the Miami Dade Bar and its probate and guardianship committee has extensive resources and expertise in the area of identification documentation, limited probate matters and some limited civil matters. We are happy to work with the court and manage pro bono efforts of our members in coordination with the court.

We respectfully ask the court to make the Miami Dade Bar be a party in order to help those in need in limited areas of law where our committees have expertise. Those who perform services will, through this court and through the Miami Dade Bar Put Something Back program will receive pro bono credit for their time.

Thank you for your consideration and service.

Warm Regards,

Bret Berlin

Executive Director,

Miami Dade Bar
