GENERAL DENIAL

Defendant denies each and every allegation not expressly admitted above.

AFFIRMATIVE AND OTHER DEFENSES

By including a defense, 8701 does not accept the burden of proof or persuasion, unless otherwise provided for by law.

FIRST AFFIRMATIVE DEFENSE
Apportionment pursuant to Section 768.81, Florida Statutes

Section 768.81, Florida Statutes, requires that a court enter judgment against each party based on that party's percentage of fault. Accordingly, to the extent a jury finds liability it should be apportioned among the named, and any subsequently-named, Defendants, Plaintiffs, and third-parties. 8701 Collins Development's liability, if any, is therefore limited to its proportionate share of responsibility for Plaintiffs' damages.

One group of entities among which liability could be apportioned and 8701 Collins Development's percentage of fault decreased is the other currently-named Defendants for the reasons alleged in the Complaint, if true and proven.²

For example, as alleged by Plaintiffs, John Moriarty & Associates of Florida, Inc. ("JMA") could be liable if a jury finds it owed duties to CTS residents and negligently engaged in or failed to monitor activities such as pile driving, dewatering, site compaction, and excavation work or ignored warnings by NV5, Inc. ("NV5") regarding available construction options. As to NV5, Plaintiffs assert that NV5 issued warnings regarding certain construction methods and that NV5 had duties to the CTS residents, which it allegedly breached by permitting, engaging in, and failing to monitor activities such as pile driving, dewatering, site compaction, and excavation, and by failing to ensure its warnings were heeded. Similarly, Plaintiffs assert that DeSimone Consulting Engineers, LLC ("DeSimone") owed various duties to the residents of CTS and it allegedly breached those duties by negligently engaging in and failing to monitor pile driving, dewatering, site compaction, and excavation and by ignoring warnings from NV5. Plaintiffs also allege strict liability for pile driving as to JMA, NV5, and DeSimone.

² If any of the currently-named Defendants settle or are otherwise dismissed from this case, 8701 Collins Development may still seek to apportion liability to such Defendants and to treat them in the same manner as Fabre Defendants.

Liability may also be apportioned to the Champlain Towers South Condominium Association (the “Association”), for the reasons set forth in the Complaint. As alleged, the Association owed Plaintiffs’ duties, including to control and maintain the common areas, keep the building in a reasonably safe condition, and guard against dangers, and the Association breached those duties.

As to Morabito Consultants, Inc. (“Morabito”), Plaintiffs assert that Morabito issued a report listing multiple defects with the building yet Morabito allegedly failed to notify and warn residents and failed to submit the appropriate report to the Town of Surfside. It also alleges that Morabito failed to adequately analyze the building to determine if it was structurally sound and that Morabito failed to take any life-saving measures.

Plaintiffs also assert that Becker & Poliakoff, P.A. (“Becker”) was grossly negligent because it was aware of defects at CTS yet failed to warn the residents and Board or to take action to address the problems.

A jury could thus apportion liability among the Defendants for the reasons above, as well as any other reason set forth in the Complaint or developed through discovery, and 8701 Collins Development’s proportionate share of liability should decrease accordingly.

A jury may also find that Plaintiffs were comparatively negligent and assign a percentage of fault to them, including putative class members. For example, to the extent Board members, unit owners, or property managers negligently ignored defects, failed to investigate defects, or failed to maintain and repair CTS, they may be liable for any harm alleged in the Complaint. Board members, unit owners, or property managers may also be apportioned fault to the extent they opposed necessary maintenance and repairs or voted against or opposed special or other assessments designed to remedy the building’s defects. A jury could find additional liability for

failing to warn renters and visitors about known defects. CTS Board members, property managers, and unit owners may share in additional liability to the extent they ignored warnings of potential harm, such as the report issued in 2018 by Morabito, or declined to authorize or proceed with a special or other assessments to address the harm. A list of unit owners, Board members, and property managers currently known to 8701 Collins Development is attached as Exhibit “A”.

8701 Collins Development may also be entitled to an allocation of fault with non-parties. *See Fabre v. Marin*, 23 So. 2d 1189 (Fla. 2003). 8701 Collins Development does not currently know all non-parties that might be at least partially liable for Plaintiffs’ alleged harm, but based on preliminary analysis, potential non-parties to whom fault may be allocated include the entities discussed below.

8701 Collins Development is entitled to an allocation of fault to the extent the jury finds CTS unit owners, Board members, or property managers at fault for negligent acts or failures to act. These non-parties include non-Plaintiff unit owners and Board members who were not residing at CTS at the time of the collapse along with former property managers. Their potential liability would be based on the same acts or omissions as the Plaintiffs, e.g., failure to maintain and repair CTS, opposing efforts to address defects, and failing to warn others of defects. CTS unit owners, Board members, and property managers may share in additional liability to the extent they ignored warnings of potential harm, such as the report issued in 2018 by Morabito, or declined to authorize or issue a special or other assessment to address the harm. A list of prior unit owners, Board members, and property managers currently known to 8701 Collins Development is attached as Exhibit “A”.

The developers, general contractors, subcontractors, consultants, design professionals, and other entities or individuals that worked on CTS may also be apportioned a share of liability to the

extent a jury finds they negligently designed, constructed, developed, or otherwise worked on CTS or acted or failed to act in a reasonable and prudent manner. Contractors, consultants, and other entities or individuals that subsequently performed repairs, maintenance, inspections, or otherwise worked on CTS may also be apportioned liability to the extent a jury finds they acted negligently in performing those acts or failed to act in a reasonable and prudent manner. Additionally, a jury may apportion liability to the subcontractors and consultants that worked on the 87 Park project to the extent a jury determines they negligently designed, constructed, installed, or otherwise worked on the 87 Park project or acted or failed to act in a reasonable and prudent manner. A list of such currently known parties, contractors, subcontractors and consultants and design professionals for CTS and 87 Park is attached as Exhibit "B".

8701 Collins Development may also be entitled to an allocation of fault against the Town of Surfside, City of Miami Beach, and Miami-Dade County to the extent a jury finds that they or their employees, officials, and agents acted or failed to act negligently in supervising and enforcing building codes and construction work.

Entities and individuals involved with the Surfside beach renourishment project, including the U.S. Army Corps of Engineers, might also be allocated a percentage of fault, as might any other entity or individual involved in construction activity near the vicinity of CTS.

8701 Collins Development also incorporates by reference all *Fabre* defendants identified by all other defendants in their Affirmative Defenses, as well as all subsequently identified *Fabre* defendants at any time prior to trial.

As discovery is still ongoing and the cause of collapse uncertain, 8701 Collins Development maintains the right to amend this defense as necessary.

SECOND AFFIRMATIVE DEFENSE

Failure to state a claim

Plaintiffs' claims are barred in whole or in part for failure to state a claim of negligence or strict liability, including but not limited to, for the reasons set forth in Defendant's Motion to Dismiss and because Plaintiffs failed to allege ultimate facts establishing 8701 Collins Development owed a duty to Plaintiffs, breached that duty, and that such harm was foreseeable, and that 8701 Collins Development participated in an ultrahazardous activity. Plaintiffs' claims are also barred in whole or in part for failing to state a claim of vicarious liability for the reasons set forth in 8701 Collins Development's memoranda filed in connection with its Motion to Dismiss. Finally, 8701 Collins Development states that the Plaintiffs' claims are barred in whole or in part for failure to state a claim for the reasons set forth in 8701 Collins Development's memoranda filed in connection with its Motion to Dismiss.

THIRD AFFIRMATIVE DEFENSE

Statute of limitations and repose

Depending on the when the defects in the CTS building occurred and when the defects were discovered, Plaintiffs' claims may be barred, in whole or in part, based upon the statute of limitations (four years) and statute of response (ten years) set forth in Section 95.11(3)(c), Florida Statutes.

FOURTH AFFIRMATIVE DEFENSE

Intervening and/or superseding causes

Plaintiffs' claims are barred, in whole or in part, because any alleged harm or damage was caused by intervening and/or superseding causes outside of Defendant's control, including but not limited to acts by third parties and acts of god.

FIFTH AFFIRMATIVE DEFENSE

Acts of god

Plaintiffs' claims are barred, in whole or in part, to the extent the damages resulted from acts of god or other unavoidable causes such as floods, hurricanes, and unknowable underground erosion or activity.

SIXTH AFFIRMATIVE DEFENSE

Failure to maintain

Plaintiffs' claims may be barred, in whole or in part, to the extent the cause of the collapse was the failure of the Association and/or the unit owners to maintain the building, including failure to undertake any necessary maintenance and repairs, failure to implement the repairs recommended in Morabito's 2018 Report, and failure to take any other action recommended for the maintenance, repair, and/or investigation of Champlain Towers.

SEVENTH AFFIRMATIVE DEFENSE

Act or omission of third party

The damages alleged in Plaintiffs' Complaint were caused solely by the acts or omission of a third party, other than an officer, director, employee, or agent of Defendant, over whom Defendant had no control, including but not limited to CTS unit owners, CTS Board members, and entities that designed, developed, constructed, maintained, or otherwise worked on CTS.

EIGHTH AFFIRMATIVE DEFENSE

Section 718.119, Florida Statutes

Pursuant to Section 718.119, Florida Statutes, to the extent the Association is liable for any of Plaintiffs' alleged harm, Plaintiffs' damages may be entitled to set off against the individual CTS unit owners to the extent of their pro rata share of that liability in the same percentage as their interest in the common elements.

NINTH AFFIRMATIVE DEFENSE

Setoff

To the extent Plaintiffs are entitled to recover any sums against 8701 Collins Development, 8701 Collins Development is entitled to a set off for any reimbursements and payments received by Plaintiffs from any party or non-party, including but not limited to judgments, settlements, or insurance payments. Such setoff shall include, but not be limited to, those permitted under Section 768.76, Florida Statutes.

TENTH AFFIRMATIVE DEFENSE

Laches

Plaintiffs' claims are barred in whole or in part to the extent that a jury finds liability on the part of 8701 Collins Development, and Plaintiffs knew about the allegedly negligent actions of 8701 Collins Development and delayed in bringing action.

ELEVENTH AFFIRMATIVE DEFENSE

Estoppel

To the extent that Plaintiffs made misrepresentations regarding the condition of CTS, including maintenance and repairs of CTS, and Defendant relied on Plaintiffs' statements or actions and changed their position accordingly, Plaintiffs' causes of action are barred, in whole or in part, by the doctrine of estoppel. Plaintiffs are also estopped from advancing claims of vicarious liability and veil piercing based upon their representations in the Omnibus Response to Motions to Dismiss.

TWELFTH AFFIRMATIVE DEFENSE

Unclean hands

To the extent that Plaintiffs knew about any defects with CTS and contributed to those defects by, for example, failing to maintain the building and opposing necessary repairs and maintenance, Plaintiffs' claims are barred, in whole or in part, under the doctrine of unclean hands.

THIRTEENTH AFFIRMATIVE DEFENSE

Failure to mitigate

Plaintiffs' recovery for their causes of action are barred, or must be reduced, in whole or in part, to the extent Plaintiffs failed to mitigate, minimize, or avoid the purported damages alleged. For example, to the extent Plaintiffs knew of defects with the CTS building, such as the defects contained in the 2018 Morabito report, Plaintiffs failed to mitigate future harm by failing to maintain and repair the CTS building.

FOURTEENTH AFFIRMATIVE DEFENSE

Primary jurisdiction

The relief sought by Plaintiffs is within the particular expertise of, and is being addressed by, federal, state, and local governments and their agencies. This Court should abstain and defer to the jurisdiction of public agencies, including, but not limited to, the National Institute of Standards and Technology ("NIST").

FIFTEENTH AFFIRMATIVE DEFENSE

Contribution/Indemnification

8701 Collins Development denies it has any liability to Plaintiffs, but to the extent 8701 Collins Development pays more in damages than its pro rata share of common liability, pays damages arising from activities for which it has been indemnified, or pays more than its pro rata share of damages due to the imposition of strict liability, it is entitled to contribution and/or full indemnification, including but not limited to the benefits of Section 768.31, Florida Statutes, in regard to contribution among tortfeasors.

SIXTEENTH AFFIRMATIVE DEFENSE

Limitation of strict liability

8701 Collins Development denies that any activity performed by it or its contractors, subcontractors, or consultants was inherently or abnormally dangerous, or ultrahazardous, but, to

the extent 8701 Collins Development is deemed liable, 8701 Collins Development cannot be held liable for damages claimed to be caused by 8701 Collins Development's alleged "abnormally dangerous" or ultrahazardous activities, because any alleged harm suffered by Plaintiffs would not have resulted but for the pre-existing, abnormally sensitive, and structurally unsound condition of CTS, of which 8701 Collins Development was previously unaware and had no reason to expect. A defendant's liability is limited to the harm that the defendant could reasonably expect to result from an alleged dangerous activity undertaken under normal circumstances.

SEVENTEENTH AFFIRMATIVE DEFENSE

Limitation of damages

8701 Collins Development denies it has any liability to Plaintiffs but, to the extent 8701 Collins Development is deemed liable, 8701 Collins Development cannot be held liable for damages to personal property or real property that exceed the true market value for such property.

RESERVATION

Discovery is in its incipency and the parties to this action also have yet to be provided access to material evidence in the custody of the National Institute of Standards and Technology and Miami-Dade County authorities. 8701 Collins Development reserves the right to assert any additional affirmative defenses that may come to light through discovery or further investigation once access to such materials has been provided.

REQUEST FOR RELIEF

8701 Collins Development prays that a judgment be entered in its favor, including payment of costs and expenses.
