**IN THE CIRCUIT COURT OF THE 11TH JUDICIAL
CIRCUIT IN AND FOR MIAMI DADE-COUNTY, FLORIDA**

CASE NO.: 2021-015089-CA-01

SECTION: CA43

JUDGE: Michael Hanzman

**IN RE: CHAMPLAIN TOWERS SOUTH
COLLAPSE LITIGATION**

**SUPPLEMENTAL DECLARATION OF WILLIE E. GARY FILED ON BEHALF OF
THE GARY, WILLIAMS, PARENTI, WATSON & GARY and THE PORTER LAW
FIRM_ IN SUPPORT OF MOTION FOR APPROVAL OF PAYMENT OF
ATTORNEYS' FEES
AND LITIGATION EXPENSES**

I, WILLIE E. GARY, do hereby declare and state as follows:

1. I am the Senior Partner of the GARY, WILLIAMS, PARENTI, WATSON & GARY Law Firm (“GARY”). I submit this supplemental declaration in support of my firm’s application for an award of attorneys’ fees and reimbursement of expenses in connection with the services we rendered in the above-entitled action.

2. As a Court appointed member of the Leadership Team, Plaintiff Steering Committee Member, Defendant Investigation and Discovery Team, as well as being assigned to the Wrongful Death Sub-Class Committee and representing claimants at the Allocation Mediation held on February 4, 2022. My team, including, Lorenzo Williams, Esq. and Sekou Gary, Esq. and Diane Kwant of the GARY, WILLIAMS, PARENTI, WATSON and GARY Law Firm and Marwan Porter, Esq., Camille Miller, Esq. and Jim Oster, J.D (Senior paralegal) of The PORTER FIRM contributed significantly to this litigation and the ultimate outcome for those affected by June 24, 2021 Champlain Towers South collapse. The Gary Firm and the Porter Firm represent eight plaintiffs in this matter. All of our clients were non-owner tenants at CTS at the time of the collapse. The unique interests of non-owner tenant fatalities became the focus of our representation in this matter. From the inception of the litigation, our team among others expressed concerns that

the interests of non-owner fatalities would need to be addressed by counsel who had no conflict and did not represent parties with competing interests. Ultimately the Court appointed separate counsel to represent the interests of the Economic Class and the Wrongful Death Class.

Marwan E. Porter of my Team was retained by the Estate of Oresme Gil Guerra on June 30, 2021 as our first client in this matter. My legal team immediately began to conduct its investigation into the collapse. On July 16, 2021, my Firm was appointed to serve as members of the Plaintiff's Steering Committee as well as the Leadership Committee. My team was also assigned to the Defendant Investigation and Discovery Team, further as discussed above, the Court appointed my team to the Wrongful Death Sub-Class along with Judd Rosen to represent wrongful death clients in the Allocation Mediation conducted by Bruce Greer. Investigation by Marwan E. Porter of our Team into the defendants resulted in our obtaining intelligence relating to Becker and Poliakoff. We learned that they had recommended that CTS turn down a free structural survey by engineering firm HRT to discover the condition of Champlain Towers South before the collapse because they were afraid it would "open a can of worms". This information was relayed to Adam Moskowitz, who conducted the deposition of Becker and Poliakoff and resulted in a \$25 million dollar settlement.

3. As part of its role in this litigation, our team performed many integral tasks which benefitted the Plaintiff and the Class. Among many other tasks, my team at my direction were instrumental in guiding the Plaintiffs in several critical areas at important times as this matter progressed. From the initial hearing before the Court, it became apparent to my team that there would be an inherent conflict of interest between those clients that owned units at CTS and those who had wrongful death claims as their interests were conflicted. That issue was important because, as the research performed by my team indicated, the statutes and case law provided that the owners could be assessed up to the value of their units for the excess liability that they might have toward wrongful death claimants. Our team insisted that the unit owners and wrongful death claimants had competing interests and the Court ultimately came to the same conclusion and ordered that the firms participating in the mediation be free of those conflicts. These issues played

out in the assignment of teams for the allocation mediation and our team was assigned to the Wrongful Death Sub-Class.

Many hours of discussion went into the preparation for the mediation. We had several conference calls with Judd Rosen and other members of the Wrongful Death Sub-committee. Our team offered many suggestions and recommendations to Mr. Rosen, which were ultimately utilized during the Mediation negotiations and subsequently shared with the Court. Our team stressed the fact that the unit owners could be assessed (and get nothing) and needed to obtain funds for relocation sooner than those who had the wrongful death claims. That presented an advantage that resulted in agreeing to pay the unit owners at that time out of funds on hand and from the sale as opposed to waiting for the results of all claims to be paid. This strategy implemented by our Wrongful Death Sub-Class Team resulted in an extremely favorable outcome for wrongful death plaintiffs. Furthermore, our team represented some of the clients who lost all of their personal property and sought to have those claims paid out of the proceeds allocated to the unit owners we were zealous advocates on behalf of tenants who also had their lives turned upside down by losing their homes and all of their personal belongings. The Court heard our plea, among others and made it clear that those claims will be addressed out of the funds recovered later in the litigation. Our advocacy on behalf of tenants prompted the \$50,000 property distribution for tenants.

We supported the strategy of merely sending demand letters to the potential defendants to put them into the dilemma of responding by paying policy limits or facing potential bad faith claims with immense exposure. Like many other personal injury claims, we regularly use the strategy when faced with claims that may exceed policy limits.

4. In addition to the work above, my firm continued to participate in this litigation through the Fairness Hearing on June 23, 2022. We represent three families who have filed a total of nine claims in this class action. Six of those claims will be presented to the Court at hearings scheduled with the Court. Our work in preparation for those hearings is ongoing.

5. The information in this declaration regarding my Team's time and expenses is documented and reflected in time and expense printouts and supporting documentation prepared

and maintained by my Team in the ordinary course of business. Marwan E. Porter oversaw the day-to-day activities in the litigation and we have reviewed these printouts (and backup documentation where necessary or appropriate) in connection with the preparation of this declaration. The purpose of this review was to confirm both the accuracy of the entries on the printouts as well as the necessity for, and reasonableness of, the time and expenses committed to the litigation, including the elimination of time that was unnecessary, duplicative, or devoted to matters not directed by the Plaintiffs' Steering Committee. As a result of this review and any adjustments made, I believe that the time reflected our lodestar calculation and the expenses for which payment is sought as set forth in this declaration are reasonable in amount and were necessary for the effective and efficient prosecution and resolution of the litigation. In addition, I believe that the expenses are all of a type that would normally be charged to a fee-paying client in the private legal marketplace.

6. The number of hours spent on this litigation by our team is 547.80. A breakdown of the lodestar is provided in **Exhibit A**. The lodestar amount for attorney and paralegal (or attorney/paraprofessional) time based on the Team's current rates is \$472,430.90. The hourly rates shown in **Exhibit A** are the usual and customary rates set by the Team for each individual attorney, paralegal, or other paraprofessionals. The chart set forth as **Exhibit A** was prepared from contemporaneous daily time records of the Team.

7. Our Team's expenses and charges in connection with the prosecution of this litigation total \$838.61. Those expenses and charges are summarized by expense category in the attached **Exhibit B**.

8. The following additional information further explains certain of these expenses:

(a) Transportation, Meals: \$838.61. In connection with the prosecution of this litigation, the Team has paid for travel expenses to attend, among other things, court hearings, to meet with mediators and opposing counsel. Those expenses and charges are summarized by expense category in the attached **Exhibit B**.

9. The foregoing expenses pertaining to this litigation are reflected in the books and records of The Porter Law Firm. These books and records are prepared from receipts, expense vouchers, check records and other documents and are an accurate record of the expenses.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 27th of July, 2022 at Stuart, Florida.

Willie E. Gary, Esquire
